How Winners Play The Game.

This year, LOUISVILLE HOCKEY builds on our

reputation as *the* maker of superior goalie

Goalie Equipment

equipment. Not only will standout NHL stopper Curtis Joseph be wearing LOUISVILLE goalie gear, but every goalie in the CHL will be minding the nets with LOUISVILLE as well. Throughout our line, we've added more protection while maintaining our high level of flexibility and maneuverability. We've also kept our wide range of styles, offering greater rubber stopping features for butterfly, conventional and combination-style goalies.
