Reebok | 
THE AUTHENTIC OUTFITTER

Developed and tested in close partnership with some of the NHL's top goalies, Reebok Hockey products are the number one choice of the world's best puckstoppers. With the brand-new Revoke series to compliment the Premier III line, Reebok now offers not one, but two of the most innovative product lines in the industry.

Ingeniously designed by goalie pioneer Michel Lefebvre, the new Revoke series offers goalies the opportunity for unparalleled customization of both the technical and aesthetic elements of their gear, while the Premier III line provides increased protection in the most lightweight construction on the market.

With these two designs, goalies now have the chance to put together the perfect set of gear to compliment their game. These pads adjust to you instead of the other way around.

Reebok The equipment of choice for the world's best goalies.

REVOKE GOALIE PADS

The Revoke™ goal pad's double knee break is designed to increase flexibility at the upper thigh to improve five-hole coverage for goalies with less flexibility and a wide butterfly stance. It also has a closer fit to the body, using a deep boot and leg channel in addition to an ergonomic calf wrap.

Reebok
Lefevre

1

Double Knee Break

Four-piece core with one break above and below the knee. Creates a softer flex in the thigh rise.

2

Deep Leg & Boot Channel

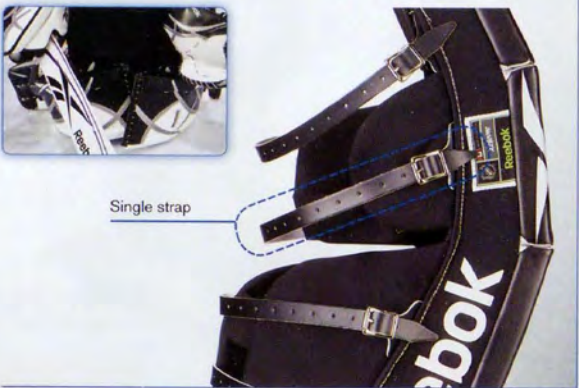

Provides a closer fit to the body.

3

Single Strap System

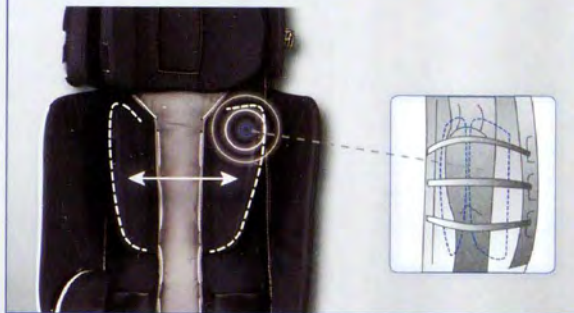

Brings the upper thigh closer to the five-hole.

4

Calf Protection

Wing wrap calf protector for additional protection and leg support.

Legal Thigh Protector

Standard for all Revoke goalie pads.

REVOKE CATCH GLOVE

The Revoke™ catch glove features a new two-piece, high-performance injection molded EPE foam, making it lighter than any other Reebok catch glove. Designed to fit closer to the wrist, this glove provides a locked-in feel for goalies who prefer a nimble style of play. Featuring also an offset T design, this glove offers a forgiving flex and improved trapping zone to better control the puck.

Reebok
Revoke

1

T-Pocket Offset

Improved trapping zone to better control the puck.

2

Two-Piece Design

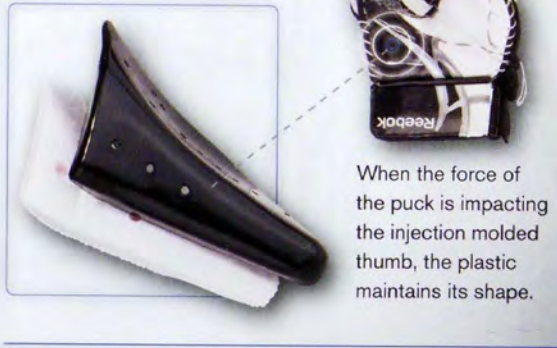

Tighter fit close to the wrist providing a locked-in feel.

3

EPE Injected Thumb

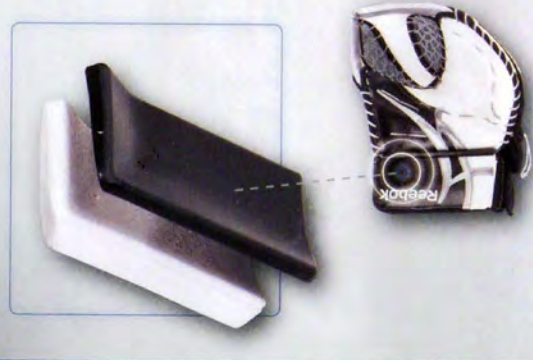

Lightweight durable construction to maintain the molded shape and not flatten.

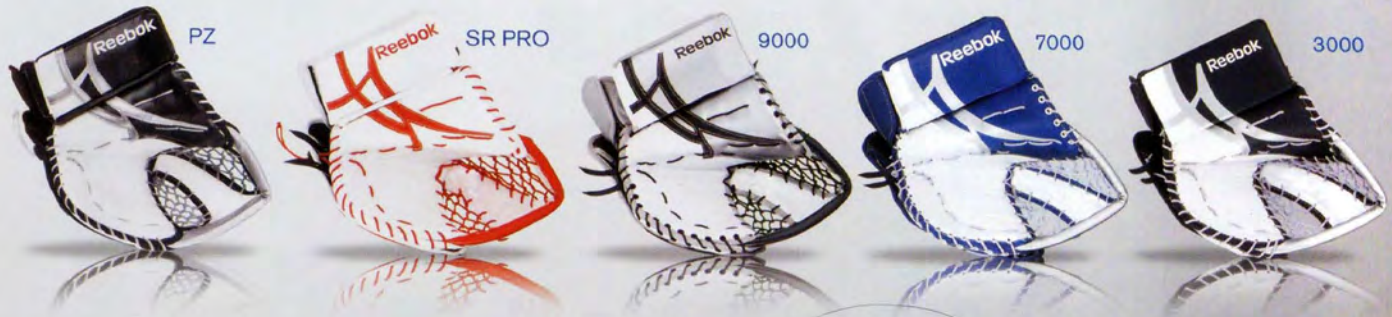

4

EPE Injected Cuff

Lightweight durable construction to absorb impact and deflect puck to prevent skip over.

09 - 10 FULL REVOKE CATCH GLOVE LINE

REVOKE BLOCKER

The new Revoke™ blocker has been designed to provide goalies optimal protection in the fingers and wrist. Its lightweight thin profile blocking surface offers the best in balance. Also new to the Revoke blocker is the offset palm positioned higher on the board to provide quicker positioning for lower shots, with an Ultima Dry™ reinforced blocker palm with added grip for stick handling and vented gussets for breathability.

Reebok
Defend

1

Laminated HDLD Insert

Dual density blocker insert eliminates torque to maximize blocking surface.

2

Ultima Dry™ Palm

With added grip for improved stick handling.

3

Added Foam

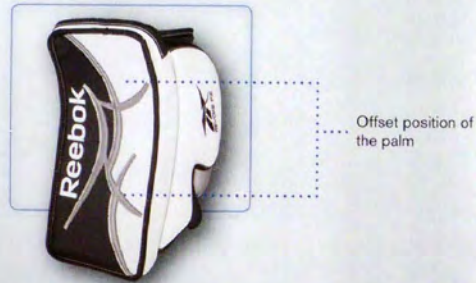

Provides increased protection to the thumb and wrist.

4

Offset Palm

Higher palm position to help for lower shot.

PREMIER III GOALIE PADS

The Premier III™ goal pads offer a fluid rotation in the leg and boot channel, helping increase speed when going in the butterfly. It also features a stiff flex core with a pre-curved design and adjustable strap system to better control the upper-thigh portion of the pad.

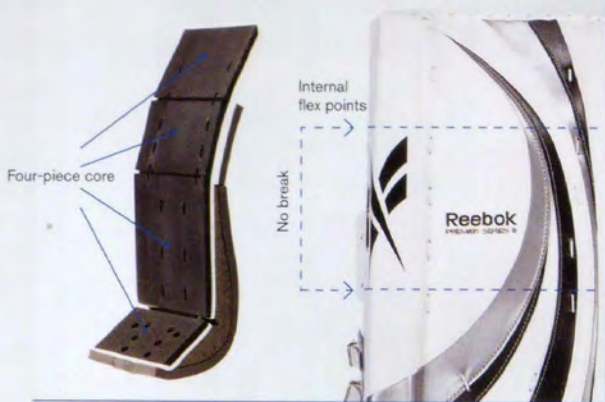

Reebok
Lefevre

1

Core

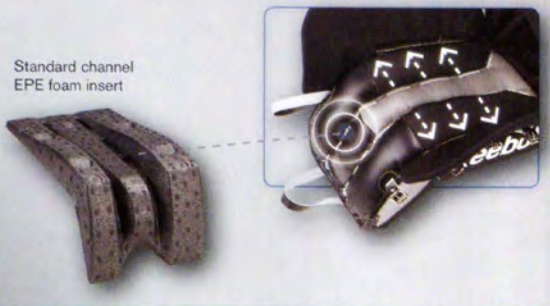

Four-piece core with Standard Flex, no break in the outer roll.

2

Standard Leg & Boot Channel

Shallow leg and boot channel for quicker, more fluid leg transition when going into the butterfly.

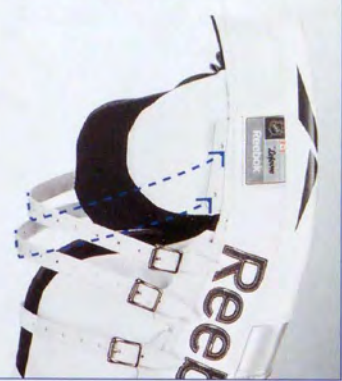

3

Adjustable Strap System

Customize your strapping set up to bring the upper thigh closer to the five-hole, or keep the thigh straighter.

Top 2 straps can be moved to knee area

4

Standard Angle

Pre-curve for better coverage in the butterfly position. Stiff thigh.

PREMIER III CATCH GLOVE

The innovative Premier III™ catch glove is designed with a one-piece, high-performance injection-molded EPE foam and a plastic thumb and cuff protector, providing increased coverage and wrist mobility. This allows goalies to move freely in their equipment and creates a tighter angle to the body, better closing the under-arm gap.

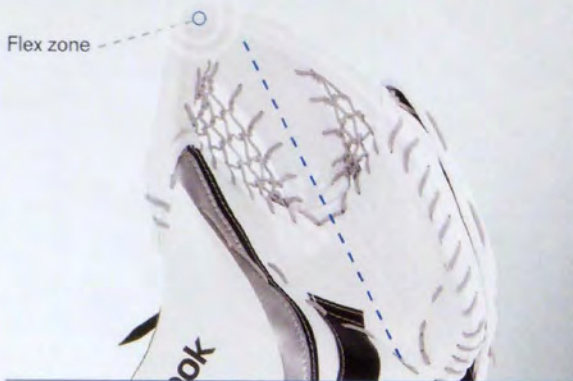

Reebok
Lefevre

1

Standard Pocket

Poly and leather reinforced T pocket with standard flex point.

2

One-Piece EPE Molded

Injection molded thumb cuff maintains its shape and maximizes catching area.

3

9K PUMP GOALIE SKATE

The 9K Pump® goalie skate, with its lightweight construction, helps enhance stability, power and quickness in every movement. That construction, coupled with the addition of a Customlite™ cowling with replaceable runner, makes the Reebok 9K Pump® goalie skate the benchmark in lightweight performance and customization.

Sticks

1

The Pump®

The Pump® Technology allows you to eliminate natural gaps around the ankle. By controlling the amount of air in the internal chamber you can customize your fit and prevent heel lift resulting in improved stability.

2

Pro Armor™ III R-Core Quarter

Lightweight Pro Armor™ III Quarter strategically reinforced core to provide structural support and enhanced stability.

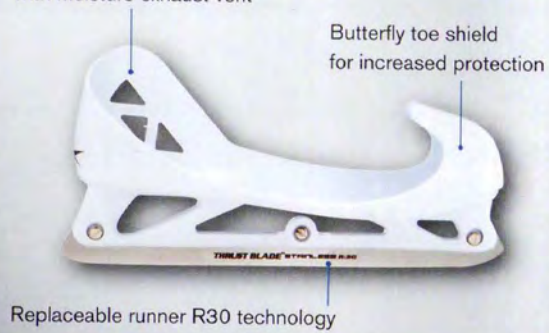

4

Customlite™ Cowling With Replaceable Runner

Trilite lightweight protector with moisture exhaust vent

Butterfly toe shield for increased protection

3

Lace Lock

Allows you to isolate two distinct lacing zones by tightening the top three eyelets independently of the forefoot.
